## SPECIALIZED COMMON CARRIER SERVICE

B. DEFINITIONS

For the purpose of this tariff, the following tariffs shall apply:

1. Access Line  
A dedicated arrangement which connects a customer location to an NSC (see below for definition).
2. Administrative Change  
The modification of an existing circuit, dedicated access line in port, at the request of the customer, that involves changes in authorization codes, speed numbers, route guide, consolidation of billing, verification of testing performed by parties other than Global, or any other administrative change not covered by a Billing Record Change. (See below for definition)
3. GLOBAL  
Global Crossing Telecommunications, Inc.
- 4.
5. Global Tariff FCC No.5  
That tariff filed by Global with the Federal Communications Commission and known as Global Crossing Telecommunications, Inc. Tariff FCC No. 5, as amended from time to time.
6. Application for Service  
A standard Global order form which includes all pertinent billing, technical and other descriptive information which will enable Global to provide the communication service as required.
7. Authorization Code  
A multi-digit code, one or more of which are available to Metered Use Service customers to enable them to identify individual users or groups of users, and thereby allocate the costs of their long distance service; except where Equal Access Dialing is used by the customer and costs are allocated on the basis of the telephone number from which the customer uses the service.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION B - DEFINITIONS (Cont'd)8. Authorized User

A person, firm, corporation or other entity authorized by the customer to receive or send communications. Such permission includes, without limitation 1) the use of the customer's Authorization Code where the Authorization Code has been known to the user by the customer, its employees or agents, and 2) the use of customer's telephone number when Equal Access Dialing is used.

9. Billing Record Change

A change in customer billing address or a change from one billing package to another using the same access method.

10. Cancellation of Order

A customer initiated request to discontinue processing a service order, either in part or in its entirety, prior to its completion. Cancellation charges will be assessed for each dedicated access line canceled from an order prior to its completion by Global under the following circumstances:

- (1) if the local Telco has already confirmed in writing to Global that the dedicated access line will be installed; or
- (2) if Global has already submitted facilities orders to an interconnecting telephone company (This differs from a Disconnection, see below for definition).

11. Circuit Termination

The point at which Global's circuit originates, terminates, or drops for the insertion or removal of a customer's signal.

12. Customer

The person, firm, corporation or other entity which orders service, including the ordering or use of Equal Access Dialing --either for its own use, as an Other Common Carrier, or as a non-profit manager of a sharing group--and which is responsible for the payment of charges and for compliance with Global tariff regulations billing purposes, a customer is considered to be an account. If a customer orders or uses Equal Access Dialing, in more than one Global originating city, or requests the assignment of more than one Authorization Code in a particular city, each such account is a separate customer for billing purposes.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION B - DEFINITIONS (Cont'd)

13. Customer-provided Terminal Equipment  
Terminal equipment, as defined herein, provided by a customer.
14. Disconnection  
The disconnection of a dedicated access line or port connection being used for existing service. (This differs from a Cancellation; see above for definition.)
15. Equal Access Dialing  
The use of service through Telco Equal Access facilities allowing the customer to access Global's NSC through either a A1+@ or 10444 dialing sequence. Customers using Equal Access Dialing may be billed to the telephone number from which the Equal Access Dialing originates.
16. Installation  
The connection of a dedicated access line or port for new or additional service.
17. Joint User  
A person, firm, or corporation designated by the customer as a user of communication facilities furnished to the customer by Global, and to whom a portion of the charges for such facilities are billed under a joint user arrangement.
18. National Holidays  
Global-recognized National Holidays are New Year's Day, Fourth of July, Labor Day, Thanksgiving Day and Christmas Day.
19. Network Switching Center  
Any location where Global has a network switch installed.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION B - DEFINITIONS (Cont'd)

20. Network Trunks  
Access lines, interswitch trunks, and circuits connecting services and facilities of Global or other carriers to Global NSC's.
21. Physical Change  
The modification of any existing dedicated access line or port, at the request of the customer, requiring some physical changes or determination.
22. Off-Network Access Line  
A local exchange, foreign exchange, or WATS line connecting both incoming and outgoing traffic from a Global switched service network to the public switched network.
23. Premises  
The space designated by a customer as its place or places of business for termination of GLOBAL service.
24. Service Group  
One or more A.D.S. dedicated access lines terminated in the same multiline terminating device at the same customer premises.
25. Special Promotional Offering  
Special discounts or modifications of its regular service offerings which Global may, from time to time, offer to its customers for a particular service. Such offerings may be limited to certain dates, times and locations.
26. Speed Number  
A signaling arrangement by which a customer may elect to dial a pre-programmed number in place of a designated ten-digit area code and local telephone number.
27. Terminal Equipment  
Devices, apparatus and their associated wiring, such as teleprinters, telephone handsets or data sets.

## SPECIALIZED COMMON CARRIER SERVICE

C. RULES AND REGULATIONS1. Description of Service

.01 Global is an interexchange common carrier furnishing communications services between specified locations under the terms of this tariff.

.02 Global, when acting at the customer's request, and as his authorized agent, will make reasonable efforts to arrange for service requirements which may include terminal equipment and circuit conditioning or Equal Access Dialing.

2. Limitations

.01 Service is offered subject to the availability of facilities and the provisions of this tariff.

.02 Global reserves the right to discontinue furnishing service, upon written notice, when necessitated by conditions beyond its control or when the customer is using the service in violation of the provisions of this tariff, or in violation of law.

3. Terms and Conditions

.01 Service is provided and billed on the basis of a minimum period of at least one month, beginning on the date that billing becomes effective, and continues to be provided until canceled, by the customer, in writing, on not less than thirty (30) days notice. In the event a customer order an GLOBAL option that does not require a monthly subscription fee, GLOBAL reserves the right to treat a period of non-use of not less than 90 days as a cancellation and to discontinue furnishing service, without notice, after such 90 day period.

.02 Service is offered on a monthly basis.

.03 For the purpose of computing charges in this tariff, a month is considered to have 30 days.

.04 The name(s) of the customer(s), including members of a sharing group, desiring to use the service must be stipulated in the application for service.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)4. Liability

- .01 The liability of Global, for whatever reason, shall not exceed an amount equivalent to the proportionate charge otherwise payable for the period of time during which any mistake omission, interruption, delay, error or defect, or any other event giving rise to a claim, occurs. In no event shall Global be liable for special, consequential or incidental damages.
- .02 Global shall be indemnified and held harmless by the customer against:
- .021 claims for libel, slander, or infringement of copyright arising out of the material, data, information, or other content transmitted over Global's channels; and
- .022 patent infringement claims arising from combining or connecting Global's furnished channels with apparatus and systems of the customer; and
- .023 all other claims arising out of any act or omission of the customer in connection with any service provided by Global.
- .03 Global is not liable for any act or omission of any other company or companies furnishing a portion of the service.
- .04 Global does not guarantee or make any warranty with respect to any equipment provided by it where such equipment is used in locations containing an atmosphere which is explosive, prone to fire, dangerous or otherwise unsuitable for such equipment. The customer indemnifies and holds Global harmless from any and all loss, claims, demands, suits or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to or death of any person or persons, and for any loss, damage or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment so used.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)4. Liability (Cont'd)

- .05 The customer indemnifies and holds Global harmless from any and all loss, claims, demands, suits, or other action, or any liability whatsoever, whether suffered, made, instituted or asserted by the customer or by any other party or persons, for any personal injury to, or death of, any person or persons, and for any loss, damage, or destruction of any property, whether owned by the customer or others, caused or claimed to have been caused directly or indirectly by the installation, operation, failure to operate, maintenance, removal, presence, condition, location or use of such equipment where such installation, operation, failure to operate, maintenance, condition, location or use is not the direct result of Global's negligence.
- .06 Global is not liable for any defacement of, or damage to, the premises of a customer resulting from the furnishing of channel facilities or the attachment of instruments, apparatus, and associated wiring furnished by Global on such customer's premises or by the installation or removal thereof when such defacement or damage is not the result of Global negligence. No agents or employees of other participating carriers shall be deemed to be agents or employees of Global.
- .07 The customer is responsible for taking all necessary legal steps for interconnecting his customer - provided terminal equipment or communications systems with Global facilities. Customer shall secure all licenses, permits, rights-of-way, and other arrangements necessary for such interconnection.
- .08 The customer shall ensure that his equipment and/or system is properly interfaced with Global facilities, that the signals emitted into Global's network are of the proper mode, bandwidth, power, data speed, and signal level for the intended use of the customer and that the signals do not damage Global equipment, injure personnel or degrade service to other customers. If the Federal Communications Commission or some other appropriate

certifying body certifies terminal equipment as being technically acceptable for direct electrical connection with interstate communications service, Global will permit such equipment to be connected with its channels without the use of protective interface devices. If the customer fails to maintain and operate his equipment and/or system properly, with resulting imminent harm to Global equipment, personnel, or the quality of service to other customers, Global may, upon written notice, require the use of protective equipment at the customer's expense. If this fails to produce satisfactory quality and safety, Global may, upon written notice, terminate the customer's service.

5. Cancellation of Service By A Customer

If a customer cancels his order for service before the service begins, before completion of the minimum period, or before completion of some other period mutually agreed upon by the customer and Global, a charge will be levied upon the customer for the nonrecoverable portions of expenditures or liabilities incurred expressly on behalf of the customer by Global and not fully reimbursed by installation and monthly charges. If, based on an order by a customer, any construction has either begun or been completed, but no service provided, the nonrecoverable cost of such construction shall be charged to the customer.

6. Use of Service

.01 The services offered herein may be used for, one or more of the following:

.011 for the transmission of communications to or by the customer.

.012 for the transmission of communications to or by an authorized user or joint user.

SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)

6. Use of Service (Cont'd)

.02 Service may be arranged for joint use or authorized use. The joint user or authorized user shall be permitted to use such service in the same manner as the customer, but subject to the following:

.021 One joint user or authorized user must be designated as the customer. The designated customer does not necessarily have to have communications requirements of his own. The customer must specifically name all joint users or authorized users in the Application for Service. Orders which involve the start, rearrangement, or discontinuance of joint use or authorized use service will be accepted by Global only from that designated customer and will be subject to all regulations in this tariff.

.022 All charges for the service will be computed as if the service were to be billed to one customer and any discount arrangements will be based on the actual number of circuits installed at the beginning of the billing period. The customer shall be responsible for allocating charges to each joint user or authorized user.

.03 Service may be arranged for use by other common carriers for the purposes of resale subject to the following:

.031 Other Common Carriers will be responsible for charges, costs, etc. incurred by Global with respect to Services as referenced in Section D.

.032 Other Common Carriers are responsible for all interaction and interface with their own subscribers or customers.

.04 Service shall not be used:

.041 for any unlawful purpose

## SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)6. Use of Service (Cont'd)

.042 for any purpose for which payment or other compensation is received by the customer, except when the customer is a duly authorized and regulated common carrier. This provision does not prohibit an arrangement between customer, authorized user or joint user to share the cost of the service so long as this arrangement generates no profit for anyone participating in a joint use or authorized use arrangement.

7. Payment Arrangements

.01 The customer is responsible for payment of all charges for services furnished to the customer or any authorized user through customer's Authorization Code or Equal Access Dialing telephone number. Charges for installation, physical or administrative changes, or for cancellation of orders are payable upon completion. Recurring charges are billed in advance. Estimated usage charges are determined by Global based on the customer's projected use of service, or, at Global's option, on the highest previous monthly usage charges incurred by the customer.

.02 Bills will be payable upon receipt. Interest at the rate of 1-1/2 percent per month (unless prescribed by law, in which event at the highest rate allowed by law) will accrue upon any unpaid amount commencing 20 days after rendition of billing.

.03 The Company may require a minimum cash deposit or other guaranty to secure payment of bills. Service may be refused or discontinued for failure to pay the requested deposit. Interest, as prescribed by KRS 278.460, will be paid annually either by refund or credit to the customer's bill, except that no refund or credit will be made if the customer's bill is delinquent on the anniversary of the deposit.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)7. Payment Arrangements (Cont'd)

The deposit may be waived upon a customer's showing of satisfactory credit or payment history, and required deposits will be returned after one (1) year if the customer has established a satisfactory payment record for that period. If a deposit has been waived or returned and the customer fails to maintain a satisfactory payment record, a deposit may then be required. The Company may require a deposit in addition to the initial deposit if the customer classification of service changes or if there is a substantial change in usage. Upon termination of service, the deposit, any principal amounts, and any interest earned and owing will be credited to the final bill with any remainder refunded to the customer.

In determining whether a deposit will be required or waived, the following criteria will be considered: (1) Previous payment history with the Company. If the customer has no previous history with the Company, statements from other utilities, banks, etc. may be presented by the customer as evidence of good credit. (2) Whether the customer has an established income or line of credit. (3) Length of time the customer has resided or been located in the area. (4) Whether the customer owns any property in the area. (5) Whether the customer has filed bankruptcy proceedings within the last seven years. (6) Whether another customer with good payment history is willing to sign as a guarantor for an amount equal to the required deposit.

If a deposit is held longer than 18 months, the deposit will be recalculated at the customer's request based upon the customer's actual usage. If the deposit on account differs from the recalculated amount by more than \$10.00 for a residential customer or 10 percent for a non-residential customer, the Company may collect any underpayment and shall refund any overpayment by check or credit to the customer bill. No refund will be made if the customer's bill is delinquent at the time of the recalculation.

SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)

7. Payment Arrangements (Cont'd)

All customer's deposits shall be based upon actual usage of the customer at the same or similar premises for the most recent 12-month period, if such information is available. If usage information is not available, the deposit will be based on the average bills of similar customers and premises in the system. The deposit amount shall not exceed 2/12 of the customer's actual or estimated annual bill where bills are rendered monthly, 3/12 where bills are rendered bimonthly, or 4/12 where bills are rendered quarterly.

.04 The Charges set forth in this tariff for circuit terminations contemplate installations made in normal locations and under normal working conditions. Any installations to be made under other circumstances are subject to additional charges which will be tarified as appropriate.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION C - RULES AND REGULATIONS (Cont'd)7. Payment Arrangements, (Cont'd)

.05 If notice of a dispute as to charges is not received, in writing, by Global within three months after an invoice is rendered, such invoice shall be deemed to be correct and binding upon the customer.

8. Change in Service Agreement

When a change in service arrangement involves the continued use by the customer of circuits furnished by Global, installation charges do not apply to the circuits continued in use. The minimum service period for the circuits contained in use is determined from the date of the initial installation thereof.

9. Restoration of Service

The use and restoration of service in emergencies shall be in accordance with Part 64, subpart D of the Federal Communications Commission's Rules and Regulations, which specifies the priority system for such activities.

10. Inspection

Global may, upon reasonable notice, make such tests and inspections as may be necessary to determine that the requirements of this tariff are being complied with in the installation, operation or maintenance of the customer or Global equipment. Global may interrupt the service at any time, without penalty to Global, because of departure from any of these requirements.

11. Cancellation For Cause By Global (See section C-5 for Cancellation by Customer)

Upon nonpayment of any sum owing to Global, or upon a violation of any of the provisions governing the furnishing of service under this tariff, Global may, upon written notification to the customer, without incurring any liability, immediately discontinue the furnishing of such service.

SECTION C - RULES AND REGULATIONS (Cont'd)12. Testing and Adjusting

Upon reasonable notice, the circuits provided by Global shall be made available to Global for such tests and adjustments as may be necessary to maintain them in satisfactory condition; no interruption allowance will be granted for the time during which such tests and adjustments are made.

13. Local Charges

In certain instances, the customer may be subject to local telephone charges or message unit charges in using Global's service. Global is not responsible for any such local charges imposed directly on the customer by the local telephone company for gaining access to Global's intercity network.

14. Taxes and Surcharges

Customer will be billed for and is liable for payment of all applicable federal, state and local taxes, surcharges or other assessments including such amounts as Global may be authorized to pass through to the customer.

15. Information Contained on Bills

Each bill rendered to customers contains the following information: Customer name, address and account number, and the Global customer service telephone number. The call detail contains an itemization of each call made during the billing period and lists the originating telephone number (or authorization code) by day, by time originated, the number called, the destination of the call, the number of minutes and the amount of Global, and any applicable federal, state or local taxes or surcharges or assessments.

SECTION D - SERVICE DESCRIPTION AND RATES

1. General Description of Global's Services:

2. Metered Use Service.

.01 General Description

Metered Use Service offers the use of intercity communication facilities shared among multiple users. The individual customer's basic monthly charges for its use of these intercity communication facilities are based upon the total time the customer utilizes such facilities from each originating location and can vary, depending upon the option chosen, with the distance of each call.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)

## 2. Metered Use Service (Continued)

Unless otherwise specified, calls will be measured from the time that the called party answers to the time that either the calling or called party disconnects from the call, as indicated by answer supervision. No charge is made for calls not completed. It is never the carriers policy to charge for incomplete calls. A customer may dispute any charges by contacting the Carrier's Customer Service Department and proper credits will be issued if, upon investigation, the disputed charges are found to be incorrect. For billing purposes, the duration of each call will be rounded as specified in the description of each service option in the following sections. The rates per minute charged for service are set forth in Section D2 following.

Some Metered Use Service involves a recurring monthly minimum usage charge for intercity facility usage. A monthly listing of each individual call and its duration is available as a standard feature on the bill.

In order to utilize Global's facilities intrastate, a subscriber must be a subscriber under Global's Tariffs FCC No. 5 and 5D. Appropriate rates and charges found therein apply for all options and services other than intrastate calling. Rates for intrastate calling are governed by the rates set forth in this Section D2.

Customers may experience busy signals in less than 1 percent of all calls.

.011 Service Options

Metered Use Service consists of the following:

- .0111 Global metered use intrastate calling is a one-way dial-up or dedicated access multipoint service whereby the customer originates and terminates calls via Global provided local telephone lines, dedicated access lines, or Global Access Travel service. The rates for these various service options are set forth in this Section D2.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0113 Maxcess III

Allnet MAXCESS III is a one-way, multipoint service whereby the customer originates calls via dedicated facilities or presubscribing long distance service to Global. Calls can be completed from the customer's premises to any location within the state of Kentucky. The per minute usage rates for this service are based upon the airline distance between the originating and terminating locations or each call and are contained in Section 2. MAXCESS III calls are measured in six second increments with a one minute minimum usage per call. Any fraction of an increment is rounded up to the next whole increment.

.01131 Vantage

Allnet Vantage is a one-way, multipoint service requiring the customer to originate calls via dedicated facilities or by presubscribing long distance service to the Carrier's service option. Calls can be completed from the customer's premise to any location within the state of Kentucky. Customers may originate calls by dialing 1 plus an area code and the desired telephone number, or by dialing 10XXX then an area code and the desired number. Charges for Allnet Vantage are assessed on a usage basis. The customer's total monthly usage for Allnet's Vantage is charged at applicable rates set forth in Section D2 which are based on the airline distance between the originating and terminating locations of each call. There is a one minute minimum for each call made using Vantage and the duration of calls is measured in six second increments. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).0118 ALLNET SOLUTION

Allnet Solution is a family of two-way, telecommunication service features which offer single location or multiple location customers the simplicity of a uniform charge for all of their outbound and inbound calls. Intrastate Allnet Solution is available for use only in conjunction with interstate Allnet Solution service offerings. Allnet Solution provides customers with a single per minute nondistance sensitive usage rate for all inbound and outbound usage. Solution customers may elect any combination of the following Solution service features:

- |                      |   |  |
|----------------------|---|--|
| Solution I           | - | LEC-provided dedicated access  |
| Solution II          | - | LEC-provided switched access, high volume usage  |
| Solution III         | - | LEC-provided switched access, low and medium volume usage  |
| Solution IV          | - | LEC-provided switched access, high volume usage, short duration calls                                |
| Residential Solution | - | LEC-provided switched access, high volume off-hour usage   |
| Solution 800         | - | provides an add-on inbound capability for Solution I, II, III, IV, and Residential Solution features |

Customers electing the Solution I feature may originate or receive calls via LEC-provided dedicated access lines. Charges for LEC-provided dedicated access facilities will be billed by the Customer's local exchange carrier.

Customers who order Solution II, III, IV, and Residential Solution features may originate or receive calls on their local business or residential lines; calls may be originated by dialing 1 plus an area code and the desired number; or 10444 plus the area code and telephone number.

.011 Service Options (Cont'd)

.0118 ALLNET SOLUTION (Cont'd)

Charges for Solution I, II, III, IV, and Residential Solution as well as Solution 800 are assessed on a per minute basis based on duration of the call, and time of day of each inbound and outbound call.

The customer's total monthly use of the Allnet Solution I, II, III, IV, Residential Solution and associated 800 is charged at the applicable rates per minute set forth on Page 62. Solution II, III, IV, and Residential Solution outbound and inbound (via associated Solution 800) calls are billed in six second increments. Solution II and III have a 30 second minimum for each call. Solution I outbound and inbound (via associated Solution 800) calls are billed in six second increments, with a 6 second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Any inbound usage (via associated Solution 800) is subject to the usage rates applicable to the outbound services associated with the customer's local business or residential line as set forth in Page 62. For example, inbound calls terminating on a line that originates Solution II calls are charged at the Solution II rates.

Solution I, II, III, and Residential Solution customers making Allnet Access Travel calls are billed at the rates set forth in Section D2, Page 64.

.0119

Allnet Pacesetter Plus service is a one-way, multipoint service offered only in conjunction with Global's interstate Pacesetter Plus service. It is designed for subscribers with large amounts of daytime usage on Monday through Friday. Pacesetter Plus customers may originate calls by dialing 1 plus an area code and the desired telephone number or by dialing 10XXX then an area code and the desired number. The rates for this service are contained in Section D2, and are based on the length of call, time of day and the originating and terminating locations of each call. Calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

.01110

ALLNET MAXCESS II is an outbound, multipoint service designed for high volume users. MAXCESS II customers may originate calls via voice grade special access or high capacity (T-1) access provided by the customer between the customer's premises and Global's switch. The applicable per minute rates are referenced within Section D2 and are based on the airline distance between the originating and terminating locations of each call. Calls are measured in six second increments with an 18 second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. All applicable recurring and non-recurring charges for MAXCESS II will be billed by the local telephone company in accordance with the charges set forth in its applicable tariff.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01111 ALLNET CALL HOME AMERICA

Allnet Call Home America is an inward switched access service offered only in conjunction with Global's interstate Call Home America service, wherein customers are billed via their credit card, only, for intrastate and interstate calls that originate at stations in different service areas and terminate to the customers' Call Home America station. Call Home America permits billing to the called party, rather than the call originators. The customer's total monthly use of Call Home America is charged at the applicable rates per minute set forth in Section D2, and are based on the length of call and time of day. Calls are billed in one minute increments, with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01113 ALLNET EDGE

Allnet Edge 1+ is a two-way switched access service offered only in conjunction with Global's interstate Edge service. Allnet Edge provides customers with mileage based per minute rates for both their inbound (800) and outbound (1+) usage. Allnet Edge customers may originate outbound intrastate calls by dialing 1 plus an area code and the desired telephone number, or by dialing 10XXX and then the area code and the desired telephone number. Inbound calls are originated to the Allnet Edge customer's designated location by users dialing 1+ the Allnet Edge customer's 800 telephone number. Allnet Edge calls are based on length of call, the distance between the originating and terminating locations of each call, and time of day. The customer's total monthly use of Allnet Edge service is charged at the applicable rates per minute and service hours set forth on Page 72 of the tariff. Calls are billed in six second increments, with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Allnet Edge customers who make long distance calls through Allnet Access (Travel) are billed in six second increments with a thirty second minimum at the rates set forth on Page 64 of the tariff.

Allnet Edge customers will receive the following discount credits on qualifying usage: 1) a discount credit of 10% will be applied to all outbound Allnet Edge calls made to a single area code with highest total domestic usage during a billing cycle; and 2) a discount credit of 10% will be applied to all outbound Allnet Edge calls between telephone numbers (ANIs) on the same Global account.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01115 ALLNET MULTIPOINT 800

Allnet Multipoint 800 Service is a shared, inward switched service which permits inbound calls, originated by dialing an A800" number to terminate at a Multipoint 800 customer's common line (i.e., business or residential line), provided a valid personal identification code number (PIRN) is entered by the caller. The Multipoint 800 customer is billed for the calls rather than the call originator. Multipoint 800 intrastate service is only available in conjunction with Multipoint 800 interstate service. Multipoint 800 service completes calls to a Carrier-assigned 800 telephone number. The PIRNS entered by the caller determine the customer-designated telephone number to which the 800 call will terminate. Each Customer may request any combination of the four digit PIRNS, excluding the PIRNS reserved for special use by the Company. Multipoint am 800 service employs shared 800 telephone numbers and, by conversion to Multipoint 800 service, the Multipoint 800 customer releases any ownership or exclusive rights of its 800 telephone number to the Carrier. Under the non-validated option, Multipoint 800 customers may receive inbound MultipointK800 calls even if the calling party enters no PIRN or an incorrect PIRN. Under the validated option, the Multipoint 800 customer may receive Multipoint 800 inbound calls only when the correct PIRN is entered by the calling party. The service hours applicable to Multipoint 800 service are set forth in Section D2 of the tariff.

Charges for Multipoint 800 service are assessed based on the time of day, length of call, and the airline distance between the originating and terminating location of each call. The applicable per minute usage rates are set forth in Section D2 of the tariff, and apply to both validated and non-validated Multipoint 800 calls. Multipoint 800 calls are billed in one minute increments with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)

## 2. Metered Use Service (Cont'd)

.011 Service Options (Cont'd).01116 ALLNET SPECTRUM

Allnet Spectrum is a personal communication service which allows the caller to dial an Allnet Spectrum 800 telephone number and enter a four digit personal identification routing number (PIRN) to complete a call. Allnet Spectrum is available only in conjunction with Global's interstate Spectrum service offering. As a PIRN-based product that can be shared among customers, customers are not granted exclusive use of the 800 number used for accessing the Allnet Spectrum service and, thus, may not continue to use the 800 telephone number upon cancellation of their Allnet Spectrum service. To use Allnet Spectrum service, the caller dials the 800 telephone number for the Allnet Spectrum service. The caller may then (1) enter a PIRN which routes the call to a customer predesignated telephone number (PIRN CALL); or (2) enter a PIRN which permits the customer to then direct dial a telephone number (DIAL TONE PIRN). Certain PIRNS are reserved for use by the Carrier under Allnet Spectrum service or for accessing other services.

Rate Structure

Charges for Allnet Spectrum service are based on the length of call, time of day and distance in airline miles of the call.

Usage Charges

The customer's total monthly usage of Allnet Spectrum service is charged according to the service hours and the rates per minute in Section D2 of the tariff. Allnet Spectrum calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01117 ALLNET PRODUCT ONE

Allnet Product One is a long distance service which provides customers with single per minute rates for both their inbound (800) and outbound (1+) usage. Allnet Product One customers may originate outbound calls by dialing 1 plus an area code and the desired telephone number. Inbound calls are originated to the Product One customer's designated location by users dialing 1 plus the Product One customer's 800 telephone number. Allnet Product One calls are based on the length of the call and the time of day.

The customer's Allnet Product One service is charged at the applicable hours and rates per minute set forth in Section D2 based on the Product One product option selected. Allnet Product One switched customers 1+, 800 Mobileline option and Multipoint 800 option calls are billed in six second increments, with an thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. Allnet Product One dedicated access 1+ and 800 calls are billed in six second increments, with an eighteen second minimum for each call. Allnet Product One customers who make long distance calls through Allnet Access or Allnet Spectrum are billed in one (1) minute increments with a one (1) minute minimum at the per minute and per call rates set forth in Section D2. Allnet Product One customers may subscribe to one of seven (7) mutually exclusive Product One service options: Product One month-to-month (MTM); Product One Term Plan I, Term Plan II, Term Plan III, Term Plan IV, Term Plan V, or Term Plan VI. For each Product One Term plan option, a Product One customer must commit to either a one year (12 month) term agreement, two year (24 month) or three year (36 month) term agreement. Product One customers electing either a two or three year term plan agreement will receive one of the applicable per minute discount off of the base one year term plan rates. The applicable per minute discounts are set forth in Section D2. Product One customers may elect either a switched or dedicated access option (or both) for Term Plans III, IV, V or VI.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01117 ALLNET PRODUCT ONE, (Cont'd)

Term Plans II, V and VI may use switched access only in conjunction with a dedicated access option. The MTM option is only available on a switched access basis. Product One customers electing a dedicated access option will be billed by their local exchange carrier or alternative provider for all monthly and non-recurring charges associated with the dedicated access facilities required to access Allnet Product One.

Product One Term Plan options will automatically renew for successive periods of one year unless the Product One Term Plan customer notifies Global in writing before the end of the term that the Term Plan customer intends to terminate the agreement at the completion of the current one year term. There is a monthly minimum usage level (MMUL) for each term plan option, as set forth in Section D2. Beginning with the customers second invoice, and for the remaining months of any term plan commitment, the customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. A monthly termination fee, equal to the MMUL of the term plan that the Product One customer is subscribing to, will be assessed per month for each of the remaining months in the current month term after a Product One customer terminates service prior to the completion of the then current term of service. Product One, Product One Access, and Product One Spectrum directory assistance calls are charged on a per call basis. Product One customers who also have Allnet Mobileline service will have their Mobileline service long distance calls rated and billed at the month to month Product One per minute rates in Section D2. Product One customers who have also selected Allnet Multipoint 800 service will have all of their Multipoint 800 calls rated and billed at the per minute rates in Section D2.

SECTION D-- SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01123 Frontier Family Ties

Frontier Family Ties is an inward switched access service offered only in conjunction with Global's interstate Frontier Family Ties service, wherein Customers are billed via their credit card only for intrastate and interstate calls that originate at stations in different service areas and terminate to the Customers' Family Ties station. Frontier Family Ties permits billing to the called party, rather than the call originator. The Customer's total monthly use of Frontier Family Ties is charged at the applicable rates per minute set forth in Section D, and are based on the length of call and time of day. Calls are billed in one minute increments with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01124 Frontier Value Net

Frontier Value Net is a long distance switched service which provides customers with single per minute rates for both their inbound (8XX) and outbound usage. Frontier Value Net calls are non-distance sensitive, flat rated, twenty four (24) hours a day, seven days a week (including Carrier recognized holidays).

The applicable per minute rates are set forth in Section D following, and are based on the Frontier Value Net service plan selected. Frontier Value Net inbound (8XX) and outbound calls are billed in six second increments, with an eighteen second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Customers may subscribe to Frontier Value Net service on a Month-to-Month basis, or subscribe to either a fifteen (15) or thirty (30) month term agreement. The per minute rate applicable to the Month-to-Month, fifteen (15) and, thirty (30) month term commitment plans are set forth in Section D following. A Minimum Monthly Usage Commitment (MMUC) will be associated with each service plan offered. The per minute rate, and Minimum Monthly Usage Commitment levels are set forth in Section D of this tariff.

Frontier Value Net fifteen (15) and thirty (30) month term plans will automatically renew for successive periods of fifteen (15) months unless the Customer notifies the Carrier in writing before the end of their current term of their intention to terminate the agreement at the completion of the term. Customers electing to continue receiving service without renewing their current term commitment will automatically revert to the current month-to-month rate. A termination fee, equal to the Minimum Monthly Usage Commitment applicable to the term plan the Frontier Value Net customer is subscribing to, will be assessed for each of the remaining months in the current month term after a Frontier Value Net customer terminates service prior to the completion of the then current term service.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01125 Frontier Net Link

Frontier Net Link is a long distance service which provides Customers with single per minute rates for both their inbound (8XX) and outbound switched and dedicated usage. Frontier Net Link switched and dedicated calls are non-distance sensitive, flat rated, twenty four (24) hours a day, seven (7) days a week (including Carrier recognized holidays).

Customers may subscribe to Frontier Net Link switched and or dedicated service on either a month-to-month, one, two or, three year Term Plan. The Customer's total monthly usage of Frontier Net Link (switched/dedicated) service is charged at the applicable per minute rates set forth in Section D of this tariff. Frontier Net Link switched inbound (8XX) and outbound service is billed in six second increments, with an eighteen second minimum for each call. Frontier Net Link dedicated inbound (8XX) and outbound service is billed in six second increments, with a six second minimum for each call. Any fraction of an increment is rounded up to the next whole increment. There is a Monthly Minimum Usage Charge (MMUC) associated with the Frontier Net Link switched and dedicated Service Plans. Subscribers to Frontier Net Link service will receive a percent discount off their specified Term Plan rates, based on the Term Plan and MMUC commitment level. The MMUC and applicable percent discounts are specified in Section D of this tariff.

Frontier Net Link switched and dedicated Term Plans will automatically renew for successive twelve (12) month periods unless the Customer notifies the Carrier in writing before the end of the current term of their intention to terminate the agreement at the completion of the term. Customers electing to continue receiving service without renewing their current term commitment will automatically revert to the month-to-month per minute Term Plan rate. A termination fee, equal to the Minimum Monthly Usage Commitment applicable to the term plan the Frontier Net Link customer is subscribing to, will be assessed for each of the remaining months in the current month term plan after a Frontier Net Link Customer terminates service prior to the completion of the then current term service.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01126 Frontier Voice Virtual Private Network

Frontier Voice Virtual Private Network (AVPN@) provides the Customer the functionality and capabilities of a private network through the use of shared and/or dedicated transmission facilities, which permits the Customer to establish a communications path between two Customer locations by using a Customer-defined Private Numbering Plan (APNP@). The following call types are available to Frontier Voice VPN Customers:

- 1) Dedicated to Dedicated: provides PNP type calls between locations linked by dedicated access. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 2) Dedicated to Switched: calls originating from a VPN Customer's dedicated location and terminate on switched facilities either within or outside the Customer's PNP. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 3) Switched to Dedicated: calls originating from a switched location within a Customer's PNP and terminate on a dedicated location within the PNP. All calls are billed in six second increments with a six second minimum for each call. Any fraction of an increment will round up to the next whole increment.
- 4) Switched to Switched: calls originate from a switched location within the Customer's PNP and terminate on a switched location either within or outside the PNP. All calls are billed in six second increments with an eighteen second minimum for each call. Any fraction of an increment will round up to the next whole increment.

Rochester, New York 14646-0500

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01126 Frontier Voice Virtual Private Network (Cont'd)

- 5) 8XX Remote access to Switched/Dedicated: calls originate from a switched location via a VPN 8XX remote access number and terminate to a switched/dedicated location within the Customer's PNP. A VPN personal code is used to verify that the caller is authorized to make VPN calls. The PNP code must be a uniform length not to exceed 10 digits. All 8XX remote access calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to next whole increment.

Frontier Voice VPN service charges consist of both recurring and non-recurring charges. Recurring charges consist of flat monthly charges and usage-based charges. Flat monthly charges apply whether or not service is used. Usage charges apply to all completed calls. The usage charges apply to all call types, 24 hours a day, 7 days a week. All recurring, non-recurring, volume and term discounts applicable to Frontier Voice VPN service are set forth in Section D (.048), following.

The Frontier Voice VPN Customer must have T-1 access from at least one of their locations into one of the Company's switches equipped to provide VPN service. Additional connections to the VPN network can be either via dedicated, switched or remote access.

The Customer can originate calls via dedicated access and switched access. With switched access, Customer originated calls are connected to the Company network via a dial access basis. Switched access calls include those originating from the customer's VPN lines pre-subscribed to the Company and using 1+ or 1+700 dialing plans.

For a one-time setup charge, a Switched Overflow option is available to the Frontier Voice VPN Customer. Switched Overflow will route any call placed from any PNP location terminating to a dedicated PNP location, to a switched plain old telephone service (POTS) number at the dedicated terminating location if the dedicated facility is busy or the network is at capacity. The setup charge applicable to this option is set forth in Section D (.048), following.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01126 Frontier Voice Virtual Private Network (Cont'd)

Customers may subscribe to Frontier Voice VPN on a one, two or three year term plan and may select from 4 monthly minimum usage levels (MMUL). Beginning with the Customers' fourth invoice, and for the remaining months of any term plan commitment, the Customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. Term Plan Customers are eligible to receive tariffed volume discounts set forth in Section D (.048) each month based on its VPN MMUL commitment.

Voice VPN Term Plan Customers whose monthly gross account usage exceeds the next higher MMUL above the level to which the subscriber has committed will receive the discount applicable to the next higher MMUL. Discounts on all monthly gross account usage will be capped at the discount level applicable to the next higher MMUL. Volume discounts are calculated off the Frontier Voice VPN Month-to-Month rates in effect when calls are made. The discounts apply to usage (outbound and remote access) only and do not apply to non-recurring or monthly recurring charges nor to any associated calling card, operator/directory assistance, international, and value added service usage. Volume discounts are not available to Customers subscribing to Frontier Voice VPN Month-to-Month service. In addition, Frontier Voice VPN customers who commit to a service term may receive additional discount credits as set forth in Section D (.048) following. Term plan options will automatically renew for successive periods of one year unless the Customer notifies the Company in writing before the end of their current term that the Customer intends to terminate the agreement at the completion of the term. The Company will notify the term plan customer at least 60 days prior to the end of the current term that the end of their current term is approaching. Customers choosing not to renew their term plan option will be assessed the Frontier Voice VPN Month-to-Month tariff rate currently in effect. A termination fee, equal to the MMUL of the term plan that the Frontier Voice VPN Month-to-Month is subscribing, times the number of months remaining in the current term will be assessed to customers terminating service prior to the completion of their current term of service.

The Customer is responsible for any Company and local service provider monthly recurring charges for dedicated circuits/loops necessary for the service, and costs incurred by the Company, including installation and local service provider contract termination charges, if such circuits/loops are canceled prior to activation of service, or the completion of the term commitment made by the customer.

2. Metered Use Service (Cont'd)

.011 Service Options (Cont'd)

.01127 ULTIMATE 800

ULTIMATE 800 is a two way switched access service completing calls to a Carrier-assigned toll free telephone number. Inbound calls are originated by dialing a toll free number which terminates at an ULTIMATE 800 Customer's common line (i.e., business or residential line), provided a valid Personal Identification Routing Number ("PIRN") is entered by the call originator. Outbound calls may be originated by dialing a toll free number and entering a Customer specific PIRN number to receive dial tone, permitting the call originator to place a 1+ outbound call. The ULTIMATE 800 Customer is billed for both the inbound and outbound calls. The ULTIMATE 800 Customer may request any combination of four digit PIRNs for their inbound ULTIMATE 800 service. Only one dial tone PIRN is allowed per ULTIMATE 800 Customer. The dial tone PIRN cannot have more than two repeating digits and, cannot have more than two consecutive digits. The dial tone PIRN cannot match the last four digits of the Customers toll free number.

a) Rate Structure

ULTIMATE 800 service is a flat rated, non-distance sensitive, usage based switched service, twenty four (24) hours a day, seven days a week.

b) Usage Charges

The Customer's total monthly use for ULTIMATE 800 is charged at the applicable per minute rates set forth in Section D. Calls are billed in one minute increments with a one minute minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01128 Frontier Common Sense

Frontier Common Sense service allows customers to select either switched or dedicated outbound and inbound service, and travel card service as a unified service offering. Common Sense customers may select one of three options. It is only available in conjunction with Global's interstate Common Sense service. Frontier Common Sense customers may originate outbound intrastate calls by dialing 1 plus an area code and the desired telephone number, or by dialing 10XXX and then the area code and the desired telephone number. Inbound calls are originated to the Common Sense customer's 800 telephone number. Frontier Common Sense calls are based on length of call and time of day.

The customer's total monthly use of Frontier Common Sense (switched, dedicated and travel) service is charged at the applicable rates per minute set forth in Section D. Frontier Common Sense switched and dedicated outbound calls are billed in six second increments, with a six second minimum for each call. Frontier Common Sense and dedicated inbound calls are billed in six second increments with an eighteen second minimum for each call. Any fraction of any increment is rounded up to the next whole increment. Frontier Common Sense customers who make long distance calls through their travel card service are billed in one minute increments with a one minute minimum. There is a monthly minimum usage charge (MMUC) associated with Common Sense for the service option selected. Beginning with the customers' second invoice, and for the remaining months of any term plan commitment, the customer may be charged the difference between the gross account usage and the MMUC if the gross account usage is less than the MMUC.

Calls made to directory assistance telephone numbers are charged on a per call basis.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01129 PriorityPlan (Cont'd)

PriorityPlan customers may subscribe to either a one year or two year term plan. A per minute base rate set forth in Section D2 of this tariff, is applicable to both the switched and dedicated service plans. There are Minimum Monthly Usage Levels (MMUL) required for each (switched, dedicated) term plan option. Beginning with the customer's second invoice, and for the remaining months of any term plan commitment, the customer will be charged the difference between the gross account usage and the MMUL if the gross account usage is less than the MMUL. The MMUL and applicable discounted per minute rates are set forth in Section D2 of this tariff.

PriorityPlan switched and dedicated term plans will automatically renew for successive twelve month periods unless the customer notifies the Carrier in writing of their intention to terminate the agreement at the completion of the current term. The Carrier will notify the customer at least 60 days prior to the end of their current term that the end of the term is approaching. PriorityPlan customers electing to continue to receive PriorityPlan service without renewing their current will automatically revert to the respective switched or dedicated non-discounted current tariffed base rate. A monthly termination fee, equal to the MMUL of the term plan that the PriorityPlan customer is subscribing to, will be assessed per month for each of the remaining months in the current term after a PriorityPlan customer terminates service prior to the completion of the full term commitment.

PriorityPlan customers will also be eligible for the PriorityPlan Optional Calling Card Service, at rates set forth in Section D2 of this tariff. PriorityPlan Optional Calling Card calls are billed in six second increments with a thirty second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Web Beta is a switched, non-distance sensitive, flat rated long distance service which provides Customers with a single rate for both outbound (1+) and inbound (8XX) calls. A Travel Card is also available to Web Beta Customers.

a) Enrollment

To subscribe to Web Beta service, Customers must enroll via a Company-designated Internet site. Customers must subscribe to Web Beta outbound (1+) service in order to qualify for Web Beta inbound (8XX) and/or Travel Card services. Web Beta Customers must also commit to a \$25 Minimum Monthly Usage Level (MMUL). Beginning with the Customer's second monthly invoice, the Customer will be charged either their actual total monthly usage, or the MMUL, whichever is greater. All of the Customer's intrastate, interstate, and international Web Beta per minute usage charges will count towards the Customer's MMUL.

b) Usage Charges

Web Beta outbound and inbound calls are billed in six-second increments with a minimum billing increment of eighteen seconds per call. Any fraction of an increment is rounded up to the next whole increment. Travel Card calls are billed in six second increments with a minimum billing of 30 second per call and any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01132 Web Alpha

Web Alpha is a switched, non-distance sensitive, flat rated long distance service which provides Customers with a single rate for all outbound (1+) calls. A Travel Card is also available to Web Alpha Customers.

a) Enrollment

Customer must subscribe to Web Alpha outbound (1+) service in order to qualify for Web Alpha Travel Card service.

b) Usage Charges

Web Alpha outbound calls are billed in one-minute increments with a minimum billing increment of one minute per call. Any fraction of an increment is rounded up to the next full minute. Travel Card calls are billed in one-minute increments with a minimum billing increment of one minute per call. Any fraction of an increment is rounded up to the next full minute for Travel Card calls.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01133 Incentive Plan

Incentive Plan is a long distance service which provides Customers with single per minute rates for both their inbound (8XX) and outbound (1+) switched and dedicated access usage.

a) Rate Structure

Incentive Plan switched and dedicated calls are non-distance sensitive, usage based, and flat rated.

b) Usage Charges

The Customer's total intrastate monthly usage of Incentive Plan (switched, dedicated) service is charged at the applicable per minute rates set forth in Section D2.02 following. Incentive Plan switched inbound (8XX) and outbound (1+) calls are billed in six-second increments with a thirty-second minimum for each call. Incentive Plan dedicated inbound (8XX) and outbound (1+) calls are billed in six-second increments with an eighteen-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Incentive Plan Customers may subscribe to either a month-to-month, one year or two year term plan. A per minute base rate set forth in Section D2.02 following, is applicable to the inbound (8XX) and outbound (1+) switched and dedicated service plans. There are minimum monthly usage levels (MMUL) for each (switched, dedicated) term plan option, as set forth in Section D2.02 following. Beginning with the Customer's second invoice, and for the remaining months of any term plan commitment, the Customer will be charged the difference between the gross account usage and the MMUL if the gross usage is less than the MMUL. The MMULs and applicable discounted per minute usage rates are set forth in Section D2.02 following.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01133 Incentive Plan (Cont'd)b) Usage Charges (Cont'd)

Incentive Plan switched and dedicated term plans will automatically renew for successive twelve month periods unless the Customer notifies the Carrier in writing before the end of the current term of their intention to terminate the agreement at the completion of the term. The Carrier will notify the Customer at least 60 days prior to the end of their current term that the end of the term is approaching. Incentive Plan Customers electing to continue receiving service without renewing their current term commitment will automatically revert to the respective switched or dedicated non-discounted current tariffed base rate. A monthly termination fee, equal to the MMUL of the term plan that the Incentive Plan Customer is subscribing to, will be assessed per month for each of the remaining months in the current term after an Incentive Plan Customer terminates service prior to the completion of the full term commitment.

Incentive Plan Customers will also be eligible for the PriorityPlan Optional Calling Card Service at the rates set forth in Section D2.02 following. Optional Calling Card calls are billed in six-second increments with a thirty-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).011 Service Options (Cont'd).01134 Voice Services Global Origination

Voice Services Global Origination is a long distance service which provides Customers with single per minute rates for their outbound (1+) switched and dedicated access usage. The Customer must sign up for both national and international Voice Services Global Origination plans in order to participate in this service offering.

a) Rate Structure

Voice Services Global Origination switched and dedicated calls are non-distance sensitive, usage based, and flat rated.

b) Usage Charges

The Customer's total intrastate monthly usage of Voice Services Global Origination (switched, dedicated) service is charged at the applicable per minute rates set forth in Section D2.02 following. Voice Services Global Origination outbound (1+) switched calls are billed in six-second increments with an eighteen-second minimum for each call. Voice Services Global Origination dedicated outbound (1+) calls are billed in six-second increments with a six-second minimum for each call. Any fraction of an increment is rounded up to the next whole increment.

Voice Services Global Origination Customers are eligible to receive a discount off the base rate based on their gross usage revenues. A per minute base rate set forth in Section D2.02 following, is applicable to the outbound (1+) switched and dedicated service plan beginning with the Customer's first invoice.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).02 ALLNET Usage Charges.030 Allnet Access (Travel)

Allnet Access is an inbound gateway service whereby the caller dials an 800 toll-free access number plus an eleven digit calling code to gain access to information, travel, call delivery and voice mail services. Allnet Access Travel is available only in conjunction with Global's interstate Allnet Access Travel service offering. A personalized calling card will be issued to each Allnet Access subscriber. Charges for Allnet Access Travel are based on the length of call, time of day, and originating and terminating locations of each call. The customer's total monthly use of Allnet Access Travel is charged at the applicable rates per minute set forth below. Long distance calls made through Allnet Access are billed in one(1) minute increments with a one minute minimum for each call. Any fraction of an increment after one minute is rounded up to the next one (1) minute increment. Charges for calls answered by the called party are assessed from the initial time point that the Global gateway returns a tone to the caller. Allnet Access calls may originate from any location within the State of Kentucky.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).02 ALLNET Usage Charges.033 Allnet Mobile Line

Allnet Mobile Line Service is an ancillary service offering which permits cellular customers to access and route to Global for their transmission and reception, voice, data and other types of telecommunication services. Allnet Mobile Line Service is available all Global customers in Mobile Line geographically serviceable areas, and is only available in conjunction with interstate Allnet Mobile Line service. Allnet Mobile Line Service is comprised of the following charges: a cellular connection charge (CCC), and long distance charges. The CCC set forth below, applies to all calls that originate or terminate to a Mobile Line subscribed cellular telephone, and is applied only on completed calls from the time that the originating party completes dialing the telephone number. In addition to the CCC, long distance charges may apply and are for Global on-net calls (calls to land-line telephone or to a cellular telephone outside of the cellular telephone's home LATA). All Mobile Line service calls are billed in one minute increments with a one minute minimum.

Long distance charges are standard Solution II rates, as set forth in Section D2 of the tariff. If a Mobile Line customer is also a customer of a land-line accessed Global product, those Mobile Line customers making cellular calls through Allnet Access will assessed long distance charges equal to the Allnet Access rates based upon their associated land-line Global product. For other Mobile Line customers, the Allnet Access rates for Allnet Solution II will apply. Existing directory assistance and operator assisted services rates may apply as long distance charges to all Mobile Line customers for calls from Mobile Line cellular subscribed telephones. Mobile Line telephone numbers are not eligible for any promotional offerings. Mobile Line customers will be assessed an Out-of-Home-Area Origination Surcharge which is assessed in addition to other charges when the call originates from an area other than the home cellular system. Mobile Line customers are liable for any Out-of-Home-Area Origination Surcharges billed to Global by any cellular provider and Global will then rebill the customers for all such surcharges.

## SPECIALIZED COMMON CARRIER SERVICE

SECTION D - SERVICE DESCRIPTION AND RATES (Cont'd)2. Metered Use Service (Cont'd).03 Service AvailabilityTABLE VIIMileage Between Global Terminal Locations  
or Metropolitan Areas

Mileage between Global terminal locations or Metropolitan areas will be determined by applying the formula listed below to the Vertical and Horizontal Coordinates set forth in AT&T's Tariff FCC No. 274 incorporated by reference herein.

The airline mileage between two cities can be calculated using the Vertical (V) and Horizontal (H) coordinates set forth in Part B of Table II according to the following formula:

$$\sqrt{\frac{(V_1 - V_2)^2 + (H_1 - H_2)^2}{10}}$$

Where V1 and H1 correspond to the V and H coordinates of City 1 and V2 & H2 correspond to the V & H coordinates of City 2.

Example:

	<u>V</u>	<u>H</u>
City 1 - New York	6344	1436
City 2 - Chicago	6400	1638

<u>V1</u>	<u>V2</u>	<u>H1</u>	<u>H2</u>
/ (6344 - 6400) <sup>2</sup> + (1436 - 1638) <sup>2</sup>			
10			

= /505852.1

= 711.2328 miles\*

Airline Mileage = 712

\*Result will always be rounded to the next highest mile.

3. PROMOTIONS

The Company, from time to time, may offer promotional arrangements, of limited duration, to attract new customers or stimulate existing customers usage. All promotional offering will be set forth in this section.

1. ALLNET MAXCESS III MAX® MISER PROMOTION

Allnet Maxcess III customers who sign up for service between November 1, 1993 and December 31, 1993 may elect to receive (in conjunction with Global's interstate MAX® MISER promotion) a discount credit of 10% which will be applied for a period of 12 consecutive months to all Maxcess III outbound and inbound calls, and all outbound Allnet Access calls which are made to single area code or international country with the highest total usage (in dollars) in the period for which a bill is being calculated. Calls to directory assistance and operator services are excluded from this discount credit.

2. Solution II/III NSO Promotion
